

## Killoughs Accept a Fabulous Work of Art from Joe Besche

Joe Besche is no stranger to anyone who competes in ARA matches, and many of you know that Joe is an artist in his hobby and career of stained glass. In appreciation for their efforts in coordinating ARA and PSL programs and events, Joe presented Dan and Dawn Killough with a hand crafted ARA stained glass piece at the Triple Crown of Rimfire over Memorial Day Weekend.

## Get Your ARA 20 Year Commemorative Pin

The American Rimfire Association is celebrating 20 year of camaraderie and competition. In honor of our 20th year, we have a commemorative 20 year pin that will be mailed out to all match directors to distribute to competitors. Pins will also be available at the ARA National Tournament. We hope you will wear them with pride and share your benchrest competition enthusiasm with others when they ask you "What is the ARA".

# SHOOTER'S SPOTLIGHT

## Reinhold Teten

Reinhold Teten, also known as "Tom", is 81 years old and a farmer from Talmage, Nebraska. He began shooting BR50 matches in the mid-90's with his friend Jack Fletsner at the Isaak Walton League in Lincoln, NE. Jack insisted that Tom go with him to the Nationals in 1998 and Tom has been to every ARA benchrest nationals since.

Tom first started shooting a 37 Remington and then switched to a 40X which he customized himself. Tom says he now has about 25 custom rifles, many of which were built by Robert Madox from Glenwood, IA. Tom said "Robert wouldn't build you a gun unless he knew you could shoot". Needless to say, he takes his shooting seriously – on this particular match day in Lincoln, NE, Tom had 6 different guns in his van along with numerous lots of ammo. He needed lots of guns and ammo, because his son-in-law, Steven Clark, (who recently passed away) and several of his grandchildren, would tag along with Tom and participate in many of the matches with him. They also attended several of the ARA nationals in St. Louis. But Tom says now that the kids are getting a little older he felt that they needed to spend quality time involved in school sports and other activities that they can never get back, so he put all their rifles away in a safe and said that if and when they ever wanted to get back into it after their schooling, he would have them for them.

Tom still enjoys shooting ARA benchrest and competes in South Dakota, Nebraska, Kansas, and many other ranges.

Tom has reached the gold, bronze, and silver level in ARA Outdoor Unlimited competition, has earned a total of 120 hall of fame points, and has now reached "Medal of Honor" standing in the Outdoor Unlimited segment, along with only 36 other shooters.

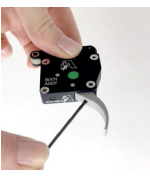

## KSS FEATURED PRODUCT

Introducing the pinnacle in precision shooting triggers! The Bix'n Andy Trigger for Remington 700 uses a unique ball bearing

mechanism that allows for trigger pull weight adjustments 1 ounce (30 grams) to 25 ounces (700 grams). The consistency of the trigger break is within 0.03 ounce! The upward force on the top sear is the lowest in the industry. Also, the let-off is so crisp and consistent it never fails to amaze shooters who have become accustomed to the world's next leading brands like the Jewell.

This Competition Bix'n Andy Trigger is a direct "drop in" for the Remington Model 700 Action and comes with installation directions, adjustment tools and a small assortment of spares.

## KNOW THE RULES!

### 18. National and State Record High Score Targets

18.1. Potential National record targets (2500) must be sent to the ARA Business Office by the Match Director of the Club at which the target was shot and must be postmarked no later than 10 days from the date of the event. He MUST use either the US Postal Service, UPS, FedEx or similar conveyance which provides a tracking number, allowing the package to be verifiably tracked from point of origin to point of destination.

18.2. Do NOT fold targets. Ship in either a box of appropriate size or rolled up in a tube.

18.3. Once received, the ARA Target Certification Committee will verify scoring, plugging and mathematical computations.

18.4. All potential National record targets must be signed and witnessed on the non-record front portion of the target by the competitor, the Match Director and the scoring committee, and on the reverse side of the target with the Club name, competitor name, and date the target was shot.

18.5. Immediately following the conclusion of the event, any competitor who wishes to have his target sent in for review as a potential record target must immediately give the target to the Match Director to forward to the ARA Business Office in the manner described above.

18.6. A potential record target that leaves the range in the possession of anyone other than the Match Director will not be eligible for consideration as a record target.

18.7. State and Club records need not be sent for verification.
