FactoryClass Rules

Rifles - Any magazine or tube fed rifle in production that is readily available and produced in quantities greater than 500 with MSRP of LESS than \$1000.00 or is included on the ARA approved factory rifle list.

Ammunition does not need to be fed from the magazine. Competitors may load the ammunition one round at a time 8.4.1.3 Any optic is allowable and may be attached to the rifle as originally designed by the manufacturer.

No modifications to the firearm or stock are permitted except as outlined below.

Trigger mechanism may be modified or replaced completely but must at all times function safely. Re-crowning of barrel is permitted.

Bipods are permitted and may be attached to the stock. Rails may be added to the stock solely for the purpose of attaching a bipod.

The rifle may be glass and pillar bedded to the stock, but must be removable from the stock. Only modifications for inletting are allowed to the stock.

The butt of the stock may be shortened to adjust for Length of Pull. The swivel studs may be removed.

No other modifications to the rifle are allowed, including but not limited to re-chambering barrel, adding weight to stock, adding attachments to the barrel such as a tuner or adding plates to the forearm of the stock.

Rests - One-Piece rests are strictly prohibited. Two-Piece rests are allowed. The front and rear rest may not be attached in any manner.

Bipods are allowed
