

17 July 2018

Title

National Smallbore Matches return to Camp Perry

Copy

The Civilian Marksmanship Program National Smallbore Matches will take place July 17-22, 2018 at the historic Camp Perry, OH. It's been several years since national smallbore matches have taken place at Camp Perry, and many competitors will embrace the experience of shooting on these ranges again.

ELEY® is committed to supporting different shooting disciplines throughout the United States and is proud to be a sponsor of the CMP National Smallbore Matches. "As a competitive shooter it is exciting to see matches take place on this range again. It's a tough range, but there is no other setting that brings together the camaraderie that Camp Perry does. We at ELEY® are proud to support these matches, especially with the relationship we have developed with the CMP" said Jamie Corkish, 2012 Olympic Gold Medalist and ELEY® Sales and Marketing Manager.

The CMP currently carry ten different ELEY® products, including a branded CMP standard round. ELEY® ammunition is available through the CMP store website. Simply search for ELEY at <http://estore.thecmp.org/>. For more product information please visit www.eleyammunition.com.

Notes to Editors

ELEY®, the leading British engineering company, was established in 1828 and is globally recognised as the premier manufacturer of .22LR rimfire ammunition. The highly qualified team based at our UK production facility includes internationally recognised specialists in internal and external ballistics, powder dynamics, and metrology. The ELEY® product range includes ELEY® tenex, the world's most successful .22LR competition cartridge.
