Fred Jamison

Fred started shooting when he was in junior high with the Boy Scouts, in Baltimore where he was born.

After serving in the Air Force, from 1954-1958, he married the love of his life, Dorothy.

He returned to shooting and competing at the Boerne club in Texas, as well as other clubs in the area in 1968 with his wife, Dorothy, and his good friend Ron Henarie.

In 1996, he and his wife started shooting benchrest club matches at the Alamo Schutzen Verein, with another good friend and gunsmith, Terry Vandiver.

With his trusty 52D, he and Dorothy were getting serious about benchrest, and started shooting BR-50 in 1997, at the Alamo, Corpus Christi, Riverside, Cyprus, American, Fort Worth, Grand Prairie, Ennis, Sweetwater, Midland, New Braunfels, and many other clubs in the Texas area. They also shot at Cordele, GA; Lakeland, FL; Springfield, MO; Warrenton, Mo; and Virginia. In around 1998, Macky Locklin and several other shooters started ARA, which Fred began liking more than BR-50.

These days he and his good friend, Javier Trevino, attend the Boerne ARA shoots.

Fred says his greatest accomplishments, other than marrying Dorothy, were winning the Australian BR-30 Nationals, New South Wales State Tournament and the ARA Nationals all in the same year, 2000.

Currently he is shooting a Beasley Falcon, stocked by Wayne Young, topped with a Night Force on a Pappas Rest of which he has shot two 2500's. He also shoots ABRA with his Grandson-In-Law, Ean Smith, in Boerne.

He now spends much of his time being entertained by his great-grand children and family.

MORE INFO ON RIFLE GIVEAWAY #1!

**Project Rifle 1
Gunsmith: Jerry Stiller**

Fully Custom, One of a kind, complete Holeshoot Arms rifle build. Receive one entry for every target you shoot in an ARA sanctioned match between May 1, 2018 and August 19, 2018. All scores must be submitted to the ARA office by August 24, 2018. You do not have to be present to win. Here are some details from Jerry!

.... A PIECE OF HISTORY!

The Holeshoot 20th anniversary gun is going to be a piece of history. It is a one off custom to commemorate the 20 years of ARA. It will have a one of a kind action model specific to this gun and this gun only. The stock will also be a one of a kind and will pay tribute to some of the wonderful people of ARA.

.... WITH MANY NEW FEATURES!

It will incorporate several new features, both performance and cosmetic based. Margie Barron has graciously offered to help with the paint (sorry, but the plan is still secret). The barrel will be a Holeshoot product that is being developed in connection with Mullerworks barrels.

.... MANY PEOPLE TO THANK!

I really want to thank Paul Tolvstad and Dan Killough for working with me on this project and allowing me to put one more thing under my control for the future of Holeshoot Arms. Landy Landercasper has offered to test the gun at his facility and work out the tune etc. on it.

.... AND A FEW SURPRISES!

There are a few surprises here too, to be elaborated on in the future. I plan on taking some videos of the parts being made and tested as we go. I know how y'all seem to love pics and videos.

.... SO SHOW UP AND SHOOT!

Now let's all do your part of the project. GET OUT THERE AND SHOOT SOME TARGETS. REMEMBER, each target shot is an entry for the big drawing.

Keep your eye on the ARA newsletter and RimfireAccuracy.com for updates, in progress pics and other information on all of the project rifles.
