

BOB CLEVELAND

To say Bob Cleveland has had a phenomenal year on the Indoor Benchrest circuit would be an understatement. He has been on a roll with his Super Suhl and never looked back. Shooting a total of twelve 2500 targets in this year's Indoor season, he has set a record for the most ever in one season. Bob also totaled roughly 160 Hall of Fame points in one Indoor season, well exceeding the 100 points needed to earn Medal of Honor ranking. He now has a total of over 200 Indoor HOF points and 62 Outdoor.

Bob had seven first place Indoor finishes this season, which include both a State and Club tournament win at Frog Level on January 26th.

Bob attributes his win to the new ELEY ammo and his Suhl action gun. Some back history on the gun..... Around 2009, while living in Tulsa, Bob and Richard Gorham did a lot of shooting and testing of Richard's client's guns at an indoor range near Richard. One of the guns they were testing was one that had belonged to the Killoughs, and was an excellent shooter when Richard and Bob tested it. Several years later Bob had the opportunity to buy it. He shot it for one Indoor season in around 2014/2015 and then it sat in a gun safe until just prior to this Indoor season. At the beginning of the 2019 Indoor Season, Bob & Jerry Stiller were testing ammo in Jerry's guns and Bob decided to try it in one of his own. Fortunately for Bob, he tested the Suhl and discovered that it really liked a bunch of the new ELEY ammo. His luck continued as he tested lots from subsequent shipments and kept finding more lots that were exceptionally good. He also had the great opportunity to team up with Jerry Smith and start going to a bunch of matches. They had a lot of good fortune that far exceeded their expectations. The old Suhl has the same Shilen Ratchet barrel that Richard put on it in around 2009 and nothing else has been altered since. Bob says he doesn't know how long it will stay "killer" but it has been a great year for him. He also says he hopes ELEY continues to produce ammo that is as good as it has been recently, and that everyone has a great opportunity to get some and have as much fun as he has had this year. He is looking forward to starting the outdoor shoots and see what the future holds.

Bob started shooting with Richard Gorham and Danny Price in about 2007 and shot primarily in Oklahoma and Arkansas; but, he always attended the National tournaments. Richard, Dustin Allen and Bob started teaming up and traveling to PSL tournaments for a couple years. Then, when Dustin quit traveling, they added Jim Morehead to their crew and continued competing. Over the years, Bob says he has met a lot of people and made a bunch of new friends all over the country. Bob has been blessed to have been a part of the rimfire community and plans to continue for as long as he can.

THE GUN..... The Suhl action rifle was originally built by Bill Myers and then rebarreled by Richard Gorham. The trigger is a stock Suhl trigger, which Bob says has been 100% reliable. The Harrel tuner, which was set by Richard Gorham, has never been moved. The scope is a vintage (old) Bausch and Lomb 36X with fine crosshairs. It also has a short Pappas noodle. The stock is a Meyers laminated wood stock which Bob says was probably bedded by Bill Meyers. Bob uses a Gorham style rest with a Precision Quest Products delrin top.

Somewhere along the way, Bob earned the title "Bad Bob" by his fellow competitors. When you see him at the range... make sure you watch out for Bad Bob! He may be all jokes behind the line; but, he won't cut you any slack at the bench.

It's been an impressive indoor season!

It's been an exciting Indoor ARA season with lots of great scores and forty-nine 2500's were shot in the ARA indoor season! As the weather warms up around the country, the Indoor ARA season came to a close with the final shot of the Georgia State Indoor Tournament at Chickenfoot Indoor Club in Georgia. Seven shooters agged over 2300 for the year, that's the most shooters to agg over 2300 in one year. Bob Cleveland shot 12 Indoor ARA 2500 targets... the most 2500's ever in one season! Bob also totaled 160 Hall of Fame points in one Indoor season, well exceeding the 100 points needed to earn Medal of Honor ranking.

Why Should you Batch Test with ELEY?

Batch testing is designed to find the most accurate ammunition for your barrel to deliver results, records, and medals. Shooters demand excellence not only from themselves, but from their ammunition, barrel, and equipment. Only when competitors have total confidence in their barrel-ammo combination, can they train to perfect their own

performance and reach the highest level of excellence.

ELEY USA welcomes **Joseph Stoecker** as the US Customer Range Manager. Joseph has been shooting his whole life, and enjoys hunting, fishing, & traveling around Texas. In addition to managing the US test range, Joseph is a part-time photographer. He spends his free time helping around the family farm. You can contact Joseph to set up your appointment by calling 325-939-0085.
