Friends/Fellow Shooters

A personal friend and fellow shooter was among those whose life has been dramatically forever changed by the recent tornado damage in Bowling Green, Ky. Eric Alford's home took a direct and devastating hit from Friday nights storms. His home is a total loss. Eric and his wife along with his sons, daughter-in-law and new grand baby barely made it to the basement in time and are very lucky to have survived. They have basically escaped with literally the clothes on there backs. Eric is one good dude and further more one of the first guys to come up to a rookie shooter months ago when we first meet him to offer a helping hand. This will be an ongoing part of there daily lives for ever and for the immediate future as they rebuild a new home. I have spoken to Eric directly and again want to pass along they are safe (Eric did suffer an injury to his knee and will likely have to have surgery in the near future) and for the time being staying in a nearby hotel.

I would like to invite anyone who is interested in shooting in our 5 card ARA Factory/unlimited class match to do so as we will be donating all money collected for that days shoot directly to Eric and his family. I will also be collecting any-other monetary donation anyone wants to give at the shoot or other wise, (Venmo, cash app, etc.).

With so many of us living several hours away I feel this is the best way we can offer help to him. Let's show him the support and the camaraderie that the ara and shooting sports alike have been founded on.

Check out Big Chief's Rimfire Range and Americanrimfire.com for more info on the shoot or shooting 22 Rimfire in general.

Thank you!
